At this medium sized agency, I work directly with the Senior Art Director and the Account Executive team to deliver final print/web ready files in a deadline and budget sensitive environment. Being contracted with one company for an extended period of time, has allowed me to work on a variety of projects for a wide range of clients. My responsibilities are 75% production and 25% design, and include:

- **Web design and production, web site edits and maintenance.**
- **Design, production, and distribution of HTML email ads.**
- **Photo-retouching, and image manipulation.**
- **Print collateral design and production, including stationery packages, magazine and newspaper ads, brochures, promotional materials, invitations, signage, and billboards.**

Creative Productions, (07/2008-08/2008)
